(Alphabetical Order)***

The above list is part of a work-in-progress - to compile the names and citations of all Artillery OCS Bronze Star (for Heroism or with "V") recipients from all conflicts. Rank is at the time the award was presented, if known. Otherwise retired rank is shown.

Many Bronze Star lists from WWII do not indicate if the award is for heroism.

Absence of a name does not mean an individual was not the recipient of a Bronze Star for Heroism. Only awards for heroism known and verified to date are included. Additions/corrections are welcome.
