CALIFORNIA NATIONAL GUARD

The Medal of Valor

is awarded

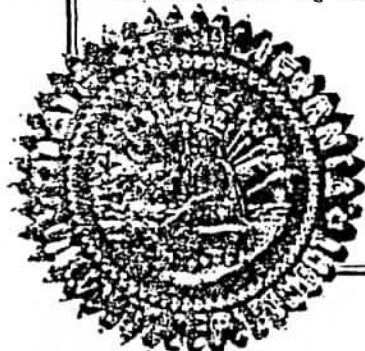

CAPTAIN ARTHUR D. MILLER

HQB, 1st Bn, 143d FA

by direction of the Governor and under the provisions and pursuant to the authority vested in me
by Section 644.1 of the Military and Veterans Code, State of California

Citation

On 25 July 1976 at Firing Point 207, Fort Irwin, California, Captain Arthur D. Miller, while serving as Safety Officer for Battery B, 1st Battalion, 143d Field Artillery, distinguished himself by heroic performance above and beyond the call of duty. When faced with a fire in a cargo carrier loaded with artillery ammunition, Captain Miller did not limit his actions to evacuating endangered personnel, but also chose to fight the fire at great risk to his own life. Although initially repulsed by heat and smoke in his efforts to remove the ammunition, Captain Miller returned to the fire a second time and attempted to control it with fire extinguishers, which proved ineffective. Captain Miller then located water cans and returned to the burning carrier a third time and succeeded in bringing the fire under control. Captain Miller's courageous actions are even more outstanding when it is considered that the likelihood of an explosion increased each time he returned to the fire with additional fire-fighting equipment. His brave and selfless actions prevented a major explosion, which could have resulted in the loss of life and property, and were in keeping with the finest traditions of the California Army National Guard.
